

Harrell's Northeast Seed Guide

ELITE SUNNY™ MIXTURE #830504P

- 35% Gray Hawk Perennial Ryegrass
 - 35% Full Moon Kentucky Bluegrass
 - 30% Enchantment or Carson Chewings Fescue
 - Superior Seeding vigor and establishment
 - Broadly adapted to varying maintenance levels
 - Performs well in sun or shade conditions
 - Very good cold tolerance
- 200-250#/acre new seeding, 100-125#/acre interseeded

GAME DAY MIXTURE® #830282P

- 50% Gray Hawk Perennial Ryegrass
 - 50% Full Moon Kentucky Bluegrass
 - Exceptional wear tolerance and recovery
 - Tolerates mowing heights down to 3/4"
 - Rich, dark green color and turf density
 - Quick establishment, great for overseeding
- 200-250#/acre new seeding, 100-125#/acre interseeded

HARRELL'S PREMIUM RYE BLEND #830283P

- 40% Gray Hawk Perennial Ryegrass *Apron/Maxim Treated*
 - 30% Rainwater Perennial Ryegrass *#830266P*
 - 30% Gray Fox Perennial Ryegrass** *Untreated*
 - Combines 3 turf-type, fine-textured varieties
 - Excellent dark green color, quick to germinate and establish
 - Clean mowing throughout the growing season, can be mowed as closely as 1/2"
 - Available treated
 - Very Grey Leaf Spot resistant
- 325-400#/acre new seeding, 175-225#/acre interseeded

**This variety subject to substitution based on availability.
Will not affect TWCA certification of the blend or mixture.

MATRIX PLUS MIXTURE #830446P

- 45% Saltillo Tall Fescue
 - 45% Rain Dance Tall Fescue
 - 10% Jumpstart Kentucky Bluegrass
 - Very deep rooted for excellent drought tolerance
 - Fine textured, and dark green color
 - Establishes quickly
- 400-450#/acre new seeding, 200-250#/acre interseeded

LOW DOWN BLUES* #830280P

- 35% Full Moon Kentucky Bluegrass
 - 35% Tirem Kentucky Bluegrass
 - 30% Right Kentucky Bluegrass
 - Superior turf quality at cutting heights as low as 1/2", exceptional choice for fairways: rich, dark green color
 - Excellent leaf spot, summer patch and rust resistance
 - High shoot density wards off weed, Poa annua infestations
 - Rhizomes provide excellent recovery from wear/divots
- 100-120#/acre new seeding, 75-120#/acre interseeded

HARRELL'S PREMIER BLUE/RYE 80/20* #830281P

- 30% Tirem Kentucky Bluegrass
 - 25% Endurance Kentucky Bluegrass
 - 25% Full Moon Kentucky Bluegrass
 - 20% Gray Hawk Perennial Ryegrass
 - Combines quick establishment with long-term durability
 - Excellent dark green color and turf density
 - Tolerates 1/2" cutting height
 - Very durable and wear tolerant
- 150-175#/acre new seeding, 100-125#/acre interseeded

Harrell's Northeast Seed Guide

HARRELLS 80/20 RYE/BLUE MIXTURE

#830048P

- 40% Gray Wolf Perennial Ryegrass
- 40% Silver Sun Perennial Ryegrass
- 20% Full Moon Kentucky Bluegrass

- Very quick establishment
- Great wear tolerance

175-200#/acre new seeding, 150-250#/acre interseeded

SILVER SPORT RYEGRASS #830223P

- Reproductive tiller repair damaged turf
 - Elite quality, extremely fine blades
 - Less top growth, reduced mowings
 - Perfect for Sports Turf, Golf Courses or Lawns
- 130#/acre interseeded, 350#/acre new seeding

TEE AND DIVOT MIX #830044P

- 80% Enchantment Chewings Fescue
- 20% PC2.0 Creeping Bentgrass

PC2 hails from Penncross. It looks and feels like Penncross, but it has improved density, leaf texture and overall performance. Enchantment chewings fescue is an excellent choice for use in areas where low maintenance and pleasing green color is desired.

LINKS FINE FESCUE MIXTURE #830286P

- 25% Soil Guard Hard Fescue
- 25% Bighorn GT Sheeps Fescue
- 25% Enchantment Chewings Fescue
- 25% Xeric Creeping Red Fescue

- Attractive fine textured turf
- Low maintenance with low fertility needs once established
- Drought and shade tolerant
- Low growing (1-2 feet) at maturity when left unmowed

150-250# (can be as low as 80-100# for improved playability)/acre new seeding, 150-250#/acre interseeded

SHADY GRASS MIXTURE #830145P

- 30% Enchantment Chewings Fescue
- 30% Xeric Creeping Red Fescue
- 15% Right Kentucky Bluegrass
- 15% Tirem Kentucky Bluegrass
- 10% Silver Sport Perennial Ryegrass

- Good powdery mildew and leaf spot resistance
- Quick to germinate and establish
- Widely adapted to sun and shade conditions

150-175#/acre new seeding, 100-125#/acre interseeded

NORTHEAST ROUGH SUPREME

#830025P

- 30% Xeric Creeping Red Fescue
- 25% Full Moon Kentucky Bluegrass
- 20% Enchantment Chewings Fescue
- 15% Gray Wolf Perennial Ryegrass
- 10% Soil Guard Hard Fescue

- This mix grows into a lush turf that makes for a spectacular rough on your golf course
- Works well for non-irrigated roughs
- Great coverage in sunny or shady areas

220-250#/acre new seeding, 175-250#/acre interseeded

BENTGRASS VARIETIES

PIRANHA #600511

Bred to excel in high heat conditions. Tests were conducted at multiple sites to identify deep rooted, stress resistance germplasm. Piranha has shown excellent disease resistance to dollar spot and brown patch.

BARRACUDA #830911

Readily establishes, lower upright growth, high tiller shoot density. Color is moderately dark bright green. Colder climate performance, good color, frost tolerance, and snow mold resistance is excellent.

SHARK #650009

For greens, fairways, and tees, look to Shark. A Superintendent friendly creeping bentgrass providing heat tolerance, disease resistance, cold tolerance, and wear tolerance with normal maintenance.

TRIFECTA BLEND #830409-MV

A versatile blend of Barracuda, Piranha, and Shark from Mountain View Seeds. Improved Disease Resistance and Exceptional Color. Aggressive against weeds and excellent traffic tolerance. Good for Greens, Tees, or Fairways. Apron Treated.

PENNCROSS #830299

Penncross bent grass performs under a wide range of conditions making this putting green seed adaptable virtually worldwide. Penncross performs best on a sandy soil and tolerates clay soils with adequate drainage.

PENN A-4 #830008

Penn A-4 is dark green with fine leaf texture, exceptional heat and cold tolerance, high density, disease resistance, and aggressive growth habit. It provides a smooth grainless putting surface. Penn A-4 will also provide a good playing surface for tees and fairways.

PENNLINKS II #650008

PennLinks II bentgrass is the second generation of PennLinks and like PennLinks, it has good disease resistance and excellent heat and drought tolerance. In addition, PennLinks II bent grass variety has greater resistance to dollar spot.
